LOST PLANE, BODIES FOUND NEAR MINDEN

SEARCH ENDS

A pilot's 14-month search for his two friends and their light plane ended last week as circling in his aircraft he led police to the wreckage 12 miles west of Minden.

The remains of two men found near the wreckage of the Champ aircraft have been positively identified as Sisto Amadio and Ronald Barrow, missing since September 16, 1973.

Amadio, 37, of Niagara Falls, and Barrow, also 37, from Hazel Park, Michigan, were flying from St. Catharines to an area hunting camp when the crash occurred more than a year ago. Following his discovery of the wreckage pilot John Belme, 48, of Niagara Falls, told reporters the lost aircraft appeared to have been operable when it crashed and speculated that it may have stalled before plunging nose-first into one side of a gully-like formation, the tail almost straight up in the air and its white body almost completely camouflaged by birch trees.

See PLANE p. 8

Lyle Coumbs killed by tree

A Wilberforce mother and her two young children were left without their husband and father late Monday morning when loader-operator Lyle Harvey Coumbs, 27, was struck and killed by a falling tree as he worked alone at a gravel pit near Percy Lake.

For bereaved housewife Bonnie Coumbs there was little joy in learning just a few hours later that she was one of a Wilberforce group of four to win a possible \$5,000 in Canada's Olympic lottery Monday night.

According to police Mr. Coumbs had just returned to the job from the deer hunt and was loading a dump truck with a front-end loader when the accident occurred. When he reversed the loader to dump gravel into the truck, the loader struck the embankment causing it to cave in and undermining a 12-inch diameter, 65-foot tall white birch.

Although Coumbs tried to leap to safety, the tree struck him, a heavy upper limb

The 14-month long search for this missing plane ended

last week when it was spotted from the air near Mill-

ward Lake west of Minden. Seen here as he examines

the plane's wreckage at the crash site is Pete Windover

of Minden, who guided reporters to the scene.

catching him across the back and pinning him to the ground.

Discovered just five minutes after the accident by his employer, Charlie Heard, of R.R. 1, Haliburton, Mr. Coumbs died at the scene. Coroner was Dr. H.E. Good. Investigation by Constable Jim Martin and Corporal M.A. Baker.

A lifelong resident of Wilberforce where he attended the school and, as a youth, delivered newspapers, Mr. Coumbs had recently joined the Wilberforce Volunteer Fire Department. Tuesday saddened Wilberforce firemen announced they were donating \$200 to Mr. Coumbs' widow and children, with the hope that this may spark a community drive to assist the young family.

\$3,420 grant to Kinmount senior citizens

OTTAWA - Nov. 12, 1974 A New Horizons grant of \$3,420 will go to the Kinmount Senior Citizens Club of Kinmount, Ontario, to establish a drop-in centre offering recreational opportunities in the form of chess, carpet bowling, films, bingo and assorted table games. The announcement was made last week by The Honourable J.H. Faulkner, Secretary of State on behalf of the Minister of National Health and Welfare.

Initially a craft program will be introduced in the sewing category, crocheting, knitting, etc. It is also planned to eventually publish a newsletter. This project, entitled 'Kinmount Go-Getters', will involve 27 people, and is under the sponsorship of the Kinmount Senior Citizens Club.

For further information, please contact: Mrs. Katie Roberts, Kinmount, Ontario.

Confirmation

Bishop Francis A. Marrocco of Peterboro administered the Sacrament of Confirmation last week at Our Lady of Fatima Church, Minden. The Confirmants came from the three areas of the Parish: Cardiff, Highland Grove and Minden. At the Mass of Confirmation the Bishop was assisted by

the Pastor Father John Keeler and by Rev. J. Sercely of Peterboro, Rev. R. Hart of Kinmount and Rev. H. Maloney of Haliburton and Bancroft.

Afterwards refreshments were served to all by the Ladies of the Altar Society, at the Rockcliffe Hotel.

Promote Minden man

Promoted to the rank of major according to an announcement by the Dept. of National Defence has been Captain Dave N. Leigh, son of Mrs. E.H. Leigh of Minden. Major Leigh is a staff officer

at the Canadian Forces College in Toronto. He joined the Royal Canadian Air Force in 1953. Major Leigh resides in Newmarket with his wife Fran (nee Belanger of Ottawa) and their four children.

HERE and THERE with Fenwick Finch

Fust crack outa the box I want you to know somethin' -- apparently they is a few of my readers that feel that I should take more care in how my colum is writ -- seems like they don't cotton to my language. They may have sumthin' there 'cause it ain't no secret that I ain't had too much book-larnin' and that's a fact. Years ago I remember abeling in the Jr. fust class fer so long that the pupils figgered I was one of the teachers. All this here is agoain' to change, I'm atakin' one of these here correspondend courses that I learn me all I need to know and they is a section in the course that tells about 'ritin' colyums.

So, don't be too surprised when I start cleanin' 'er up and git th' ritin' comin' out smooth and like syrup. My campaign manager, Grace Simmonds, is right in there apitchin' fer Deputy Reeve of Snowdon -- any voter with any sense at all will get behind her and vote her in -- you'll get more than yer money's worth 'cause she's dedicated to adoin' the best she can fer the taxpayers and you'll be agittin' more than a 100% worker. So, if you want your interests taken well cared of -- vote fer Grace as Deputy Reeve and you'll never do a better thing fer yerselves.

Mrs. Elsie Walker phoned me the other day to get me to listen to a program run by a feller named Fred Garner Armstrong. He's on CHEX, Saturdays at 12.30 -- I listened to one of his shows and she were pretty good. Thanks Elsie fer lettin' me in on the show.

I were allistenin' to my car radio the other night when I heerd this Dr. Feeler atakin' about how the TV kin drive you mad. I didn't git his name but he ain't sayin' nuthin' we all don't know.

This feller sez 'reckless driving highlighted in many TV dramas may be filling our highways with dangerous drivers.

In a study he has made he found that reckless drivers preferred Violent scenes.

They remembered the Violent scenes, not the non-violent ones. Violent TV could lead to aggressive behaviour that could otherwise be suppressed. Reckless drivers likes shows like Hawaii Five-O, Mannix and the FBI. A Hollywood producer was asked about these chases and he said all these 'chase scenes' are pure farce. Most of the times the action is shot at 25 miles per hour or less and the cameras speed up for the show to make it appear the speed was excessive.

In real life, up here, our drivers ain't like that -- when they rack them up they is playin' fer keeps -- and some of them never gets another chance fer an encore.

Everytime I think of how we, the taxpayers get 'ripped off' in so many ways it makes me hop. Gerry Heywood brought me up to date the other day in his real estate office.

Gerry showed me a copy of a weekly release that comes to everybody, almost. It comes from the Ministry of Natural Resources -- half of the 3 page letter was about the 'strategic land-use planning' -- this a major study that's bin agoain' on since the Spring of 1972 and should be completed about the Spring of 1975. The Government has been involved in land study fer the past 25 years and now they have a special study goin' to study and bring together what they bin adoin' fer the past quarter century. That ain't the Ziner in the letter though -- the other half of the letter contains the earth-shakin' report on the thrill experienced by two employees of the Government who viewed a couple of 'turkey vultures'.

The letter started out by saying these two employees had 'the distinct pleasure and excitement in sighting a species of bird that is fairly rare in this part of the country. The bird in question is the huge turkey vulture or buzzard as it is sometimes known'.

The rest of the letter goes on to describe the vulture -- what makes me wonder is how much it costs to have two members of a Department writing a letter filled with comparatively useless information, then, the cost of the printing of many hundred of this stuff.

Why, dang it all, we've had turkey vultures ahangin' around Howland Jct. fer years -- they don't excite nobody, they is just part of the landscape. Them city fellers ought to get out more, they is a great many things goes on at the Jct. that would surprise them fellers. Well, that jest about does it fer this week. They has been more 'sightin's around. I'll have to check with Peter Sweet on his trip down south to where they was atakin' about all the UFO's seen around.

Drive carefully, they is still pillin' up wrecks on the week-ends, but we is fallin' down on our fatalities -- maybe with this first snow we'll be back in the runnin' and aholdin' on end up.

Christmas will soon be here -- make the wreath on your door a happy one not one of them which is all black and means, 'That's all, Charlie'.

UFO's Carr predicts end to secrecy

Recently, Halliburton County's resident ufologist, Peter Sweet, attended a UFO symposium in Tampa, Fla. Here is his story of those proceedings.

By Peter Sweet

Speaking before a hushed group of one thousand 'flying saucer' enthusiasts on Nov. 2, Dr. Robert Spencer Carr, 67, recently retired English professor of the University of South Florida, stated categorically that the United States government is no, at long last, about to release information on UFO's kept a closely guarded secret for the past twenty-five years. Addressing the PSI conference at the International Hotel, Tampa, Florida, Dr. Carr maintained that the United States Air Force is hiding two flying saucers and the deep-frozen bodies of twelve spacemen occupants

in Hangar 18 at Wright Patterson Field Air Force Base Dayton, Ohio. He said he considered this 'the worst kept secret in America'; that at least one hundred United States scientists and top military personnel have known and kept this fact quiet since 1948, and that only 'those with top security clearance' are allowed entry to the hangar. Carr has talked widely and publicly about this for the past four weeks and is now often referred to as 'the landlord of Hangar 18'.

Dr. Carr is convinced these people are visiting earth with peaceful motives and should no longer be attacked with gunfire and rockets as has been standard procedure by the United States Air Force in UFO encounters. We should be attracting them not repelling them, he contends.

Carr maintains that a television special now being made with the co-operation and assistance of the United States government will be aired on NBC December 15. He states emphatically that once the special is viewed the public demand for information will be so great that it will force the U.S. government to reveal the full truth about UFO's.

PRESENTATION

Len Lonsberry

The Crystal Ball Room at the King Edward Hotel was the scene on Monday, Nov. 18, of a presentation to Len Lonsberry, 49, of Minden. Len was presented with a gold wrist watch on officially becoming a member of the Brewers' Warehousing quarter century club. Born in Norwood, Len joined the company on May 28, 1949 at Peterboro. In March, 1956, he was promoted to Manager of the Minden store which opened April 1, 1956. Married with two daughters, he has been an active citizen of the community since coming to Minden.

PART TWO

BEYOND REASON

by

PETER G. SWEET

FROM VON DANIKEN TO CARR
TO TRUTH

#5 In A Series

With all the flair and aplomb of a vacuum cleaner salesman with his foot jammed in your front door, best selling author of CHARIOT OF THE GODS, Erich von Daniken rattled and reeled through his slides and lecture, restating his argument that the earth in past ages had 'space gods' to help advance man's culture and that they are now returning again. As guest speaker at the PSI conference symposium on UFO's in Tampa, Florida, two weeks ago, von Daniken offered no new evidence to his hypothesis, only repeating once again that past mythology and various physical evidence such as temple drawings and markings on the ground as viewed from the air, are proof that man has welcomed space visitors in the past.

On a more factual, convincing level, Dr. Robert Carr, 67, recently retired English professor of the University of South Florida, presented his unique story: that for 25 years now the United States government has kept a space craft and the 12 cryogenically, deep-frozen bodies of its occupants in Hangar 18 at Wright Patterson Air Force Base, Dayton, Ohio.

On one night in February, 1948, Dr. Carr says, following a radar sighting, the United States Air Force rushed to an area three miles west of Aztec, New Mexico, where personnel found a flying saucer that had automatically floated to earth, the occupants dead from instant decompression caused by a hole in the windshield of the craft. It was then taken to Wright Patterson Air Force Base in Dayton, Ohio where it has been kept ever since. All captured enemy weaponry is examined and stored at Wright Patterson. Dr. Carr himself has not seen these craft but over the years has gathered the information from associates and friends who have. He describes the craft as being disc-shaped and thirty feet in diameter. Because of the advanced technology required, earth scientists have not been able to operate the machine. A television-type screen display in the craft was working for about two days following the crash...and showed various star charts possibly used for navigational purposes. A dehydrated wafer-type food was

found aboard, which by analysis was shown to be very nutritious. The clothing worn by the occupants was very much like ours. The space visitors, all dead, were identical to earth people in physical appearance, proportionately, except their height was from three and a half to four feet tall. They appeared to be about thirty years old, and their teeth were in perfect condition, with no indication of dental work. When an autopsy was performed on one alien all internal organs were in the same place as ours, but to their horror, when the brain was examined, particularly the right side, it appeared much more convoluted than our brains do, indicating the brain of a man many hundreds of years old, by earth standards.

A few weeks later after this event, the charred wreckage of a second saucer was found at Farmington, New Mexico, a short distance from Aztec. Charred bodies were also found at the scene and the craft and the bodies were again transported and stored at the Wright Patterson base. This saucer was so badly damaged, the bodies burned beyond recognition, that very little study could be done.

Afterwards I talked privately with Dr. Carr. Unfortunately, he would not break confidence and tell me from whom and where his information was obtained. He felt so strongly about this, he said, that he would go to jail before giving up any names. He did say that the CIA is shuddering under the growing weight of the UFO coverup and is about to get out from under it and that a government announcement is expected on 'December 18' from a high level. He also stated that still more sophisticated captured UFO hardware is stored somewhere in Virginia. I asked Dr. Carr if anyone had tried to encourage or discourage him in telling his story over the past few weeks. He replied that he has been encouraged by various people from NASA and has had phone calls of an enquiring nature from both the CIA and the United States Air Force.

After listening to Dr. Carr's public lecture and even after private conversation with him for over half an hour after, I was still not convinced of the validity of his story; he offers very little proof.

Then as I was getting ready to leave the conference to come home, I met a woman who led me to a non-commissioned officer in the United States Air Force who verified Dr. Carr's story. To protect him from possible persecution I have agreed to not publish his name. He is stationed at MacDill Air Force Base, Tampa. He told me, 'UFO's are a grave problem, are classified information, and any information released about them is against national security'. His story is that one night four years ago, accompanied by another member of the Air Force, he entered Hangar 18, which was off limits, where they saw two 'flying saucers' and the bodies of the occupants. He describes the disc as forty feet in diameter with a dull aluminum finish. He opened the hatch and examined the interior of the craft. He says the bodies he saw were slightly taller than four feet. He touched the bodies that appeared to be physically exactly as we are. He seemed to feel the government would release information on UFO's shortly.

His sincerity, shaken appearance, and reticence to talk convinced me that he was telling the truth. All we can do now is wait and see what, if anything, happens in about a month's time.

EDITORIALY

Let's Vote

As each municipal election rolls around multitudes of voices are heard urging voters to get out on election day and exercise their franchise.

The voices range from candidates in the running to newspaper editors to television pundits.

And each election day the results of all this exhorting and pushing are tabulated. Usually a 30 per cent turnout of voters is considered pretty good. Imagine! Then again, if the weather's bad on election day 20 per cent turnout would be phenomenol.

Sometimes you really can't blame the voter too much for not getting all fired up...dull candidates and dull or non-existent issues seldom stimulate anyone.

But that's not the case in most municipalities in Haliburton County. For many, such as Anson, Hindon and Minden, the next two years promise to be possibly the most critical yet faced. Realignment, municipal services, new growth and development all loom large before the Fall of 1976. So, at the risk of sounding like all those candidates, pundits and other editors, we urge you to put voting first and foremost on your election day plate.

Tax Fight

The federal-provincial confrontation over Canada's resource revenues goes on, and so does the threat to future supplies of vital commodities, particularly oil and gas.

Finance Minister John Turner's budget backed off only slightly from earlier proposals to increase Ottawa's tax take, proposing now to skim off an additional \$335 million this year from the resource industries, instead of \$450 million. He also restored a provision for a 100 per cent write-off of exploration expenses.

But Turner kept the most significant and controversial part of the May budget. Ottawa will no longer allow resource companies to deduct provincial royalty payments when calculating their federal income tax.

Premier Peter Lougheed of Alberta responded by shooting from the hip, charging that the budget effectively breached the federal-provincial oil price agreement of last March. That's his interpretation, but it's doubtful the oil companies will raise their prices in defiance of the agreement.

And if Lougheed raises Alberta royalties even higher than he did last spring, he will only compound the problem. Petroleum exploration, already lagging badly because of industry uncertainty in the federal-provincial squabble over revenues, will almost certainly grind to a halt.

This has clearly become a government-to-government battle for primacy in the resource taxation field. The companies may be, as one tax expert recently said, "the ham in the sandwich," but the people of Canada will be the ultimate losers unless there is a reasonable settlement.

A member of Lougheed's cabinet said last week Alberta had contingency plans to help the petroleum industry if Ottawa stuck with its hard-line tax proposals. There was no evidence of these in Lougheed's angry reaction last night.

Ottawa has given some ground. It's up to Alberta to meet the compromise. One way would be to drastically reduce provincial royalties on newly-discovered oil and gas.

Even without this reckless and potentially ruinous confrontation, Canada faces near-term energy shortages. If the federal-provincial feud over resource industry revenues isn't settled, there may soon be nothing to feud over. (Reprinted from The Toronto Star)

Letters

Nov. 16/74

The Editor,
Minden Progress,
Minden, Ontario.

Dear Sir:

Few people realize that the votes cast on Dec. 2/74 will call for the most serious thought on the part of the electors of townships comprising Haliburton County. The men chosen for membership in the various township councils throughout the County, for the next two years, will have to come to grips with the task of formulating a restructuring plan which will be acceptable to the County and to the Province of Ontario.

This restructuring of the County calls for the amalgamation of township into larger administrative and geographic areas -- with a consequent reduction in the number of townships or municipalities making up the County of Haliburton.

This can only mean the disappearance of some townships as they are absorbed entirely or in part by neighbouring municipalities.

Thus voters should realize the importance of electing a Reeve and a Deputy Reeve who will best represent their municipality at the County level and during the next two years of consultations at local, county and provincial level, leading to restructuring of the county.

As a resident of Stanhope Township I am aware, that with no debt load and a high assessment this township would be a valuable acquisition for those areas of the county that carry a heavy debt burden and are eager to find a new source of assessment on which to unload some of their burden.

OUR POLICE'S PERENNIAL HEADACHE

To minimize this possibility the electors or Stanhope Township should seriously consider returning Reeve Nesbitt for another term. The Deputy Reeve Jim Harrison has been given an acclamation. The choices for councilmen should be made from dependable men who can be relied on to conscientiously attend the meeting of council and of the various committees.

Yours truly,
A.F. Stevenson,
St. Peters Rd.,
RR 1,
Haliburton, Ont.

Mr. Foote:

In regards to an article under 'Hall's Lake News', in the Nov. 14th issue of your paper, it mentions that there are some new candidates running for council in Stanhope Township in the coming election Dec. 2, 1974, who are good 'church-goers', to get out and vote. Does this statement indicate that a so-called 'church-goer' is more eligible, honest, and more qualified to hold the position as a councillor than an individual who does not attend church? I am not knocking the church

in any way, but to this I do not agree.

I know 'church-goers' who are nothing short of hypocrites, and should be in jail right now.

So to me, this type of campaigning for a candidate is all hog-wash, and I do not believe that religion should have any influence when it comes to a municipal election.

Jim Welch.

Cancer can be beaten.

Report from Parliment

by William Scott M.P.

Last week the House of Commons dealt again with the matter of whether or not to extend the life of the Veterans Land Act. It was probably the last time that we will debate the issue, unless the government decides, before the expiry date of V.L.A., to extend the program or replace it with something else.

The House set aside other business to debate an Opposition Motion for two days. The motion called on the government to extend the Act, and to change its terms of reference to make it conform to present-day conditions in the housing market. The motion was defeated by the narrow margin of 112 to 94, with members voting along party lines.

For several years the Veterans Land Act has attracted fewer and fewer applicants for home loans. The main reasons have been the low ceiling of \$18,000 on loans, and the fact that V.L.A. regulations require a minimum lot size for homes of about four tenths of an acre.

Immediately after World War 2, \$18,000 would have bought a pretty nice home, and lots of the size required by V.L.A. were fairly common. Today, though, \$18,000 is hardly enough to pay half the cost of an average home. And, with the steady rise in land costs in the past few years, lots of four tenths of an acre are non-existent in most parts of the country, and even if one could be found, the cost of the lot would be prohibitive.

We in the Conservative Opposition have urged the government for years to change the V.L.A. with regard to lot size requirements, and to raise the ceiling on loans to about \$35,000. We also wanted the down payment requirement of V.L.A. reduced.

Through the years the National Housing Act has been updated from time to time, and today a person can get an

N.H.A. loan of up to \$30,000 with a down payment of five per cent of that figure. A veteran who receives a loan under the V.L.A. actually gets only \$15,400, because he would have to make a down payment of \$2,600 in order to get the maximum loan. By comparison, a person who borrows \$30,000 under the N.H.A. would only have to make a down payment of five per cent, or \$1,500.

It was a breach of faith, and a rejection of a pledge made to our veterans by the King government when the Liberal caucus in the House voted against extending V.L.A. It was a rejection of the obligation that we as a nation owe to those who fought in our wars.

About 140,000 veterans across the country hold certificates of eligibility for loans under the V.L.A., but in recent years it has been impossible for them to take advantage of the program because it has not been up-dated to keep it in line with housing and land costs.

It would have been a very simple matter for the government to ask Parliament to change the terms of reference of V.L.A., and to extend its life for a few more years. This would have given those veterans a program that was equal to those under the N.H.A.

While it is true that the original concept of V.L.A. was to help returning veterans settle on small holdings, in rural areas, it is now more than 20 years since the last war that Canadians have been involved in. We should now be thinking of how we can help those men and women to establish retirement homes for themselves. This would go at least part of the way in making up to them for not revisiting the program through the years to make it more meaningful. It is not too late for veterans organizations to make their feelings known.

HALL'S LAKE NEWS

by Doreen Stinson

We are sorry to learn of the passing of Mr. William Lewis in Hamilton. He and his wife have been regular Summer residents at their cottage for some years and were regular attenders at Euchre and Bingo parties at Club 35 while here at Hall's Lake. His friends and neighbours will miss his helpful personality.

A very successful Centennial Christmas Tea and Bazaar was enjoyed at Hyland Crest last Wednesday and several folks from Hall's Lake and Boshkung attended and assisted. Many thanks to those who contributed with candy and home-baking and gifts for the various tables, Jean Irwin for making place favours, table centres, etc. and Campbell's Garden Centre for the beautiful head table centrepiece which was won by Grace Coburn, who convened the affair.

Sympathy goes out to Hazel Welch who recently received news that a sister had passed away in Kirkfield.

The snow came just in time for the hunters to enjoy some good tracking and on Saturday we understand some of the parties were successful in getting their objective. 'Meet the Candidates' Night' at Club 35 for Stanhope Township was well attended. Every present Council member wishing to be returned to office gave a good accounting of their accomplishments, committee work and desires for the future. The School Board members gave comprehensive reports and voiced their concern but legitimate reasons for rising costs of education.

The three new Candidates for Council were introduced to the gathering of taxpayers and each spoke well of their previous experiences, and why they wanted to run for office. The one new lady Trustee Candidate also spoke. A respectful audience gave each candidate a fair chance to speak. Mr. Gerald Bain, Clerk-Treasurer, chaired the Meeting with business-like procedure and had a 'Question and Answer' period which gave everyone the opportunity of airing their doubts and worries about all sorts of problems, many of which, when answered, cleared up what appeared to be misunderstandings. There is no doubt about it that the Reeve, Mr. Nesbitt, has worked very hard to iron out many 'top brass' problems and he gives a lot of credit to his Deputy Jim Harrison and the other Councillors, each of whom has worked on various

committees. Great appreciation was expressed to the new Stanhope Fire Department and it was interesting to hear that an Ambulance Service is something expected to be added in conjunction with the Firehall on the North Shore Road -- and certainly something Stanhope has been in need of for some time. Although the meeting was held up for some time awaiting the party opposing the present Reeve, he did not appear. Each of the others was called upon alphabetically and had his or her information well at hand when the Chairman called each name. Yes, it was a great Meeting and a pleasant time was spent after it was adjourned when coffee and doughnuts were enjoyed. Cottagers and residents had a chance to talk with each other and got to know each other a little better, which is the way it should be in these Summer areas.

BOARD OF EDUCATION

OIL TENDER

Tenders will be received by the undersigned until December 5, 1974 for #2 Grade Fuel Oil for the year 1975 for our schools in the following places:- Minden, Haliburton (4 schools), Gooderham, Wilberforce and Cardiff. Approximately 200,000 gallons will be required.

Further information can be obtained from the Board Office. It is preferred that oil be delivered before or after school hours for safety reasons and must be on an automatic delivery policy. Metered slips must be attached to the invoices and sent to the Board Office for payment.

Bids should be firm for the year. The lowest or any tender will not necessarily be accepted. In the event of there being more than one acceptable low bid the contract will be re-tendered.

Please mark 'OIL TENDER' on the envelope and address to:-

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

You can tell from the expression that Dick is an imp. At nine he is lively and mischievous — and most engaging.

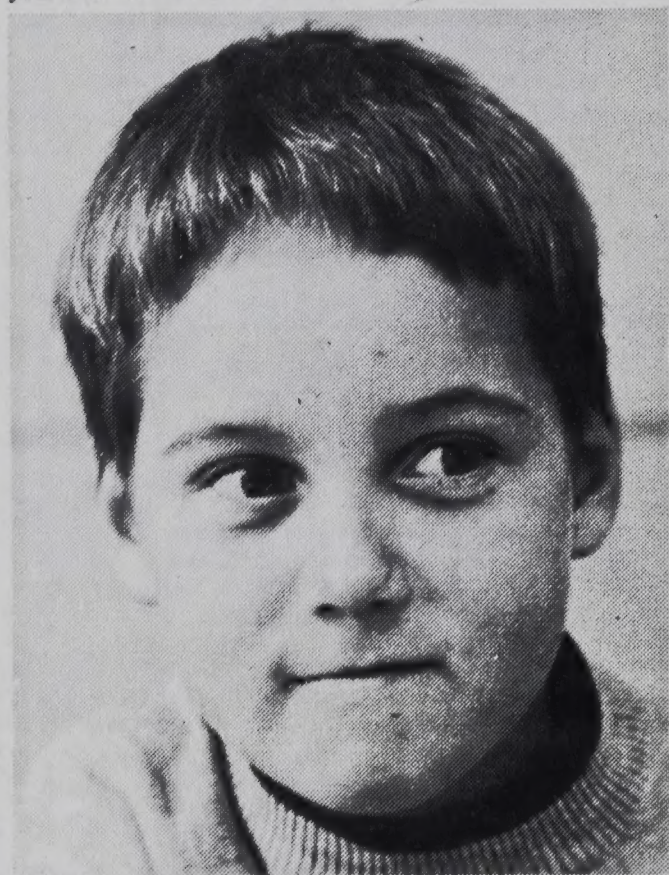

Anglo-Saxon in background, Dick is a husky youngster with brown hair and hazel eyes. His health is excellent. He is somewhat shy on meeting strangers but soon becomes his uninhibited self. With people he knows, he is lovable and affectionate.

Because he is hyperactive and excitable, school has been hard for Dick, as it is for any child who finds it difficult to stay put. He is in Grade Four.

Dick loves the outdoors. His foster family camps regularly and Dick has become an enthusiast. He likes any kind of energetic game, especially hockey but is fond of music and has started to play the guitar.

Dick needs young, energetic parents who will enjoy his liveliness and give him love, stimulation and control.

To inquire about adopting Dick, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, consult your local Children's Aid Society.

LOVES THE OUTDOORS

TOWNSHIP OF LUTTERWORTH

TAKE NOTICE

The Council of the Corporation of the Township of Lutterworth intends to stop up, close and convey part of the Road Allowance between Lots 25 and 26, Concession 6, in the Township of Lutterworth, in the Provisional County of Haliburton, extending from the inner limit of the sixty-six-foot road allowance around the shore of Moores Lake to the old route of Highway Number 35.

The By-law is available for perusal at the Lutterworth Township Office during regular office hours.

The By-law will be considered at the Council meeting to be held on Tuesday, December 10th, 1974, in the Lutterworth Municipal Council Chambers at the hour of 7.30 p.m.

Any person who claims that his land will be prejudicially affected by the By-law may object in writing to the undersigned before 5.00 p.m., December 9th, 1974, and may further attend upon the Council at the appointed time the following evening.

Dated at the Township of Lutterworth this 28th Day of October, 1974.

Mrs. Beverley A. Millar,
Clerk—Treasurer,
P.O. Box 176,
Minden, Ontario.

Jobs for 560 in October

During the month of October the Canada Manpower Centre in Peterborough was responsible for placing 560 persons in full time employment throughout its area of responsibility, which includes Peterborough and Haliburton Counties, plus parts of Victoria and Northumberland Counties, including the Town of Campbellford, reports Dick Kenzie, local manager. This placement activity was 16% higher than that of Oct. of 1973 he said. In addition 84 casual placements were recorded.

Twenty-eight wage earners were transferred to other areas, partially as a result of 14 exploratory grants approved under the Canada Manpower Mobility Program. Also during October, 17 other Mobility Grants were made to workers and their families when employment was located in other parts of Ontario.

At month's end there was a total of 3831 clients registered with the CMC as being unemployed and seeking work. 2086 of these clients were women, Mr. Kenzie continued, and the total included 148 students seeking part time work after school and on weekends.

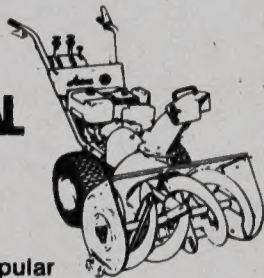

During the month Manpower Counsellor Robert Johnston was promoted to Supervisor and is currently in charge of

Plane

FROM PAGE 1

The wreckage was located about 250 yards from Little Millward Lake, a puddle created by beaver dams cutting the flow from Millward Lake.

The hunting camp, where often 15 men congregate between rifle-borne jaunts into the bush, is located only a few miles from the crash site.

Hunters roam throughout the area and it came as a bit of a surprise that someone had not found the craft earlier.

The plane was in a dense clump of white birch trees on a knoll of a hill, a color combination that defied an intensive air search last fall which involved both private and Air Force planes.

John Belme, the pilot who located the wreckage "told me you had to be flying in a certain direction and angle to see the plane," said Mrs. Amadio, widow of the victim. "It was just one of those things to casually glance down and see it when such a concentrated air search failed last year."

Mrs. Amadio said that Belme never did give up his search for the missing plane. "John always said he would bring them home," she said. "And he finally did."

The woman said the sighting was so coincidental that an OPP officer told her the official search plane could see hunters within 500 feet of the wreckage. However these men could not see the plane from their pedestrian positions and the plane was so well hidden they would not stumble upon it.

"They crashed so very close to the hunting camp," said Mrs. Amadio, "and yet they were never spotted." She said the forest was so dense there that during one hunting trip she and her husband became lost "and walked for five hours, trying to locate the camp, when we were only eight minutes away from it."

She said a major fear of the searchers would be that the bodies would not be near the plane and another search would have to be mounted for the wandering fliers.

John and Merv (Hunter) went into the crash site and made the identification on the plane while my sister and I remained at the OPP station," she said. "When he (John) came back he said there was absolutely no doubt that was it. And he should know because he and Sis built the plane from the ground up."

She said there was little trouble identifying the two because of the physical differences in their height. "There are very few guys of 6' 5" and 5' 6" that chum around with one another, so it was easy to make an immediate conclusion," she said. "They also located Sisto's wallet, shoes and jacket plus the fact our dentist said he would be sending dental records to the police for positive proof."

Barro was identified by a wrist watch and a relative will be coming from Michigan to make the final identification.

John Belme of Niagara Falls, a close friend of one of the victims was piloting the plane that spotted the wreckage Wednesday morning.

He said he had come to the area sporadically to search, but for a year had been unsuccessful. Accompanying him on this trip was another Niagara Falls resident, Marvin Hunter.

Mr. Belme steered his aircraft toward Lake St. John about 8:30 a.m. from the Bobcaygeon area and "decided to take another shot at it".

He said he was flying along the path of a hydro line near a hunters' camp by Millward Lake in Anson Township when he pointed earthward and said, "This is the last place Sis (Mr. Amadio) was seen".

"There's a plane!", Mr. Hunter said, motioning to a vague area in the bush.

"It was very difficult to see," Mr. Belme explained. "It was in a gully and the angle of the aircraft had to be just so because the plane was lying vertical".

From there, Mr. Belme headed his airplane to Lake St. John where he could get fuel and then proceeded back to the crash vicinity to pinpoint the exact spot on aeronautical maps.

He contacted police that day, but officers from the Minden detachment of the Ontario Provincial Police were unable to locate the craft on the ground in the dark.

Mr. Belme went up again Thursday and directed the search party from the air.

He returned to the ground and joined the search party.

When the party reached the plane, it found the remains of the two men about 80 feet from each other.

There was evidence that animals had got into the plane and at the bodies. Little but the skeletons and clothing remained.

Mr. Belme guessed that the men died upon impact, but it

was his opinion that the craft was in flying condition when it crashed.

The group at the crash site moved the wreckage and laid it flat on the ground and then dismantled parts of the plane...

The ground party that found the plane had two investigators from the ministry of transport as well as OPP officers from Minden and the coroner.

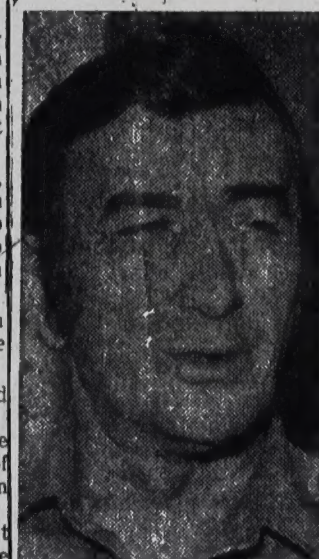

Information officer for the ministry, Jack Shelton said today, investigators from the ministry are sifting through the wreckage in an effort to determine the cause of the crash.

He said the craft has definitely been identified as the one missing a year ago last September from Niagara Falls and the bodies found at the crash site are being transferred to Toronto for positive identification.

The Canadian Armed Forces started the search Sept. 17, 1973 and called a halt eight days later until the leaves fell for a different aerial perspective. The search began again Oct. 29 and was cut-off because of snow Nov. 8.

In total CAF and private craft logged more than 400 hours and covered 36,000 miles in the search.

Dr. Ed Christiansen, Haliburton, was the coroner attending at the crash scene. Investigation by Corporal J.W. Dunn and Provincial Constable W.L. Clendenning.

CENTENNIAL CORNER

HALIBURTON HIGHLANDS CHAMBER OF COMMERCE

The Haliburton Highlands Chamber of Commerce had a modest beginning approximately forty years ago with a Tourist Council started by a group of farsighted businessmen of the Highlands who saw the need of a County body to promote the attractions and benefits of the Haliburton Highlands to any prospective visitors. This Tourist Council incorporated with the Chamber of Commerce some years ago and has provided promotion of both social and economic development for the entire county.

Besides the operation of the information booth, maps and promotional literature are prepared and distributed to all parts of the continent. All inquiries to the Chamber office, whether they be for accommodations, buying property, goods, or services, are promptly answered and those who are members of the Chamber of Commerce are recommended.

One of the more recent changes has been the formation throughout the Province of Regional Tourist Councils provided with small government grants to help with promotional costs. Other Chambers of Commerce represent single municipalities, whereas the Haliburton Highlands Chamber of Commerce operates on a County wide basis. Now that the Government has withdrawn grants to Regional Councils in favour of larger Travel Area Associations, the Haliburton Highlands Chamber will have to depend on increased membership and involvement of Municipal and County Councils for funds to continue its promotion.

The work of the Chamber is carried out by a full time Manager and part time secretarial help under the direction of twelve directors who are elected each year at the Annual Membership Meeting, generally held in May. In addition to directors elected from the membership, two County Council representatives are appointed with full privileges. All persons are welcomed as members of the Chamber of Commerce, with a schedule of membership fees scaled in accordance with the size of the business represented or on a personal basis, and all members are eligible to vote and be elected to the Board of Directors.

JERRY PILLSWORTH

COUNCILLOR

Anson, Hindon & Minden

I have no axes to grind, no promises to make! My personal desire to sit on council reflects my continuing interest to be an integral and active member of this community. The past 4 years have seen me actively engaged with Minor Hockey, the Chamber of Commerce, Winter Carnival committees and more recently as vice-president of the Minden Fall Fair. I also was one of the spearheads in getting our old Minden Monarchs hockey team back into active competition after many years. Proof I want to do things for you and the community!

If you want an outgoing representative on council -- then vote for Jerry Pillsworth -- I will be the last name on your ballot but I hope your first choice!

Stanhope candidates night

Stanhope Township's 'MEET THE CANDIDATES' Night held at Hall's Lake Club 35 on Saturday evening, Nov. 16 was the most successful of these meetings to be held so far, with about eighty residents in attendance.

The only candidate not present was Fred Brooks who is running for the office of Reeve against incumbent S. G. (Sinc) Nesbitt.

There is an impressive list of candidates standing for election as Reeve, Councillor and School Board - eleven in all.

The audience heard the incumbent members review their work over the past two years, and the qualitative results of that work. The new contenders spoke of their interest in the affairs of the township, their reasons for running for office and the contribution they hope to make.

In the question period which followed, a very high level of interest was shown by the audience in the many and varied questions they put to

the candidates.

At the close of the meeting coffee and doughnuts were served by Doreen and Leonard Stinson - a pleasant ending to an interesting and informative meeting.

How's the hunt?

By:
C.W. Douglas
Regional Biologist

Too bad we don't have a button to push to give us immediate data on the question annually faced after the first week of the deer hunt. How's the hunt?

This could be answered in as many ways as there are deer hunt groups in the Algonquin Region of the Ministry of Natural Resources. For some it's up and for

some it's down! Algonquin Region includes the Districts of Parry Sound, Bracebridge, Minden, Bancroft and Pembroke.

The North part of Parry Sound, Southern Pembroke, Central Minden, Central Bracebridge and Bancroft report 'fair to good' deer hunting. Fawns range from 34 to 39% of the kill, reflecting last winter's easy conditions and several areas report improved hunting as a result.

The moose hunt is reported good across the entire region in good moose habitat. Hunters are reminded of the continuing need for the lower jaws of moose for aging purposes. Those who turn these in receive a crest as a token of our appreciation.

The moose and deer hide collection is continuing for the native crafts program in which the Ministry co-operates. The response, thus far, has been excellent and your continued support is solicited.

Organized Hunt Camps are asked to return their detailed Hunt Camp Report at an early date, so that data can be compiled and a full report prepared for use as a basis for the continuing Deer Range Management Program.

Using
electricity wisely
isn't just a matter
of avoiding waste.

Being watchful to avoid the frittering away of kilowatthours is everyone's concern, in the interest of economy and conservation of valuable energy resources.

But for some people, living in older homes with outdated wiring, restricted use of appliances is not always a matter of choice. They do not have sufficient circuits to serve normal needs without resorting to 'octopus' outlets and extension cords. The result: overloading and blowing of fuses.

These conditions also tend to diminish the performance of appliances and shortens their life.

Inadequate wiring is not only inconvenient, it can be a safety hazard. If you have any doubts about the capacity of your home's wiring have it checked by a qualified Electrical Contractor. Then, use electricity wisely... and safely.

NOTICE

For those interested or already registered in the small engines course, it will be held at the Archie Stouffer School, Minden starting Jan. 8 - 7.30 p.m. We would like all registrations confirmed by payment before Dec. 15. For information call

Office of the Clerk.

Dated at Minden this 14th day of November, 1974.

RICHARD PARISOTTO. A.M.C.T.
CLERK & RETURNING OFFICER

Police seek thieves

Police have asked Haliburton County residents to be on the lookout for a white van with a black stripe down the left side and a black patch believed involved in two recent area breakins that netted thieves more than \$13,000 in articles, guns and appliances.

In fact, police ask anyone who may have any information at all about the two breakins to contact them immediately.

One breakin occurred October 26 when two con-

struction workmen interrupted thieves as they looted two adjacent cottages on the east side of Moore Lake owned by Hermann Gerditschky of Toronto. The thieves still managed to make off with \$3,000-worth of color TVs, a water pump, outboard motor and liquor. Just last Thursday, a similar breakin was discovered at the Bow Lake cottage near Gooderham of Noble Harbinson, Toronto, where thieves made off with some \$10,000 worth of color TVs, two tape

decks, a Polaroid SX70 camera, shotguns, a rifle and an automatic pistol plus a variety of animal pelts mounted for decorative purposes on red felt backing and a variety of appliances.

Persons with any information possibly related to these two breakins are asked to contact Provincial Constable Jim Martin at the Minden O.P.P. Detachment Office.

\$10,000 Damages in 19 Crashes

The season's first snowfall was blamed by police for a rash of 19 highway accidents last week that saw minor injuries to six persons and an estimated \$10,000 in damages.

Some \$1,500 damages resulted Saturday when a car driven by Angelo E. Georgiadis, 44, of Scarborough slid on a curve on Highway 121 near Haliburton and rolled over in the ditch. Georgiadis was treated for cuts at Haliburton Hospital. Investigation by Constable Bob Pearson.

The day before, driver Ida C. Holmes, 57, of Wilberforce received minor injuries and \$600 damages to her car when it struck a rock cut on Highway 121 just west of Tory Hill. Investigation by Provincial Constable Brian Ladurantaye.

That same day a tractor and semi-trailer driven by Archie Andrews, 38, Downsview, went out of control on Elephant Lake Road where it jackknifed and came to rest in a clump of trees. Damages are estimated at \$1,000. Investigation by Constable R.W. Pearson.

The Kawagama Lake Road was the scene on November 12 of some \$1,300 damages to a car and a telephone pole when a car driven by Violet P. Taylor, 62, of Dorset, went into the ditch striking a guy wire and the pole. Investigation by Constable Mike Legge.

Some \$1,500 damages resulted in an early Sunday morning accident that also saw driver Arnold Graham, 17, of Gooderham charged with careless driving. Westbound on Highway 503 near Tory Hill, the Graham car crossed into the eastbound lane, then went into the ditch striking a number of boulders. Investigation by Constable Mike Legge.

NOTICE

NOTICE of application to The Ontario Municipal Board by the Corporation of the Townships of Anson, Hindon and Minden for approval of a by-law to regulate land use passed pursuant to Section 35 of The Planning Act.

TAKE NOTICE that the Council of the Corporation of the Townships of Anson, Hindon and Minden intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of The Planning Act for approval of By-law 74-40 passed on the 13th day of November 1974. Provisions of the By-law are furnished herewith.

By-law 74-40 being a by-law to amend By-law 14-67 being the Restricted Area By-law, to re-zone certain property "Seasonal Residential".

Whereas authority is granted under Section 35 of The Planning Act, R.S.O. 1970, subject to the approval of The Ontario Municipal Board to the Council of the Corporation of the Townships of Anson, Hindon and Minden to exercise such power.

Therefore the Council of the Corporation of the Townships of Anson, Hindon and Minden enacts as follows:

2. In this by-law 'Seasonal Residential Dwelling' means a single-family dwelling house constructed and used as a secondary place of residence for seasonal vacations and recreational purposes only, by one who maintains a permanent dwelling at another location.

3. On the lands shown as seasonal Residential (SR) on Schedule 'A' a maximum of one seasonal residential dwelling unit per lot may be erected together with accessory structures incidental to a seasonal dwelling unit provided the setback and yard requirements, as established in Section 4 and Sections 5.2 and 5.3 of By-law 14-67, as amended, are complied with.

4. The lands shown as Open Space (OS) on Schedule 'A' will be used for park land purposes.

5. By-law 74-29 is hereby repealed.

Read a FIRST, SECOND and THIRD time and passed this 13th day of November, 1974.

Reeve-----

Clerk-----

ANY PERSON INTERESTED may within fourteen (14) days after the date of this notice, send by registered mail or deliver to the Clerk of the Townships of Anson, Hindon and Minden notice of his objection to approval of said by-law, together with a statement of the grounds of such objection.

ANY PERSON wishing to support the application for approval of the by-law may within fourteen (14) days after the date of this notice send by registered mail or deliver to the Clerk of the Townships of Anson, Hindon and Minden, notice of his support of approval of the said by-law together with a request for such notice of hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said by-law but before doing so, it may appoint a time and place when any objection to the by-law will be considered. Notice of any hearing that may be held will be given only to persons who have filed an objection or notice of support and who have left with or delivered to the Clerk undersigned the address to which notice of hearing is to be sent.

THE LAST DATE FOR FILING OBJECTIONS WILL BE DECEMBER 5th, 1974.

DATED at the Townships of Anson, Hindon and Minden this 21st day of November, 1974.

Haliburton arts school shows steady increase

Sir Sandford Fleming College reports an increase of nearly 12 per cent in registrations for summer and fall courses offered by the Haliburton School of Fine Arts in Haliburton Village. School co-ordinator Donald Popple says a total of 493 registrations were received for this year's program, including 415 summer and 78 fall students.

The summer program involved a total of 16 adult and six children's and teen courses, including ceramics, driftwood sculpture, landscape painting, writing, photography, enamelling on metal, jewellery arts, life drawing, creative stitchery, rug hooking, weaving, and sculpture. Mr. Popple noted that the fall workshops proved extremely popular this year, and that most had waiting

lists for the first time. He said the success of the school is directly linked to the quality of faculty attracted to the Haliburton operation and its principle of individualized instruction. The majority of students

were from Toronto and Hamilton, although over 100 of the registrations for summer and fall classes were from the Haliburton and Minden region. This is the seventh year of operation for the school,

which began with a group of interested Haliburton residents. At their request, it has been administered by the continuing education division of Sir Sandford Fleming College for the last six years.

ABOUT THE TOWN

with Jeanne Sears

We note that the Haliburton County Centennial choir will have their final concert at the District High School Auditorium 7:30 this Thursday night. We have enjoyed hearing them several times during this year and congratulate them on their fine performances.

Through the kindness of Morris Baker, Mr. and Mrs. John Hewitt were present at the Official Opening of the new Lyndhurst Hospital in Toronto on Nov. 13. They also were pleased to make a short call on Robbie Young. Next Saturday night will feature the Dinner and Dance at the Recreation Centre sponsored by the Kinsmen Club and cocktail hour is 6:30; includes a roast beef dinner and music by Tom Williamson. Proceeds from this go to their Cystic Fibrosis project so come out and enjoy a happy time at this Dinner-Dance.

Mr. and Mrs. Frank Wright and Mr. and Mrs. Jim Smith were at the party at the home of Mr. and Mrs. Wilfred Hogg of Bowmanville on the occasion of Bertha Hogg's seventieth birthday.

Once again there will be 'Meet the Candidates Night' at the Recreation Centre on Wed. Nov. 27 at 7:30. Come out and hear these people and make your choice.

Guests last week with the Joe Dollos included Mr. and Mrs. Andra Niemann and Jody of Oshawa and Mr. and Mrs. Roger Hogg of Bracebridge.

At the Mini Card Party last Thursday afternoon winners were for cribbage Lillian Davidson and Isobel Bingham and for euchre Marcella Wright, and Doris Craig with Lone Hands going to Florence Robinson.

Municipal election is the next important event with eligible people nominated for all offices; included are those for the County Board of Education. Most important is that everyone takes time to mark their 'X' for the candidates of their choice. These elected carry on the business of our municipalities and if you don't vote, don't complain. Advance Poll is Sat. Nov. 23 at Municipal Offices. Election Day is Dec. 2, with Polls for voters at Hyland Crest Medleys, Bob's Store, Ingoldsby, the Cupboard, Blairhampton. Be sure and get out and vote.

Last Wednesday afternoon a large crowd was at the Hyland Crest Auditorium for the Christmas Tea and Bazaar. Sincere sympathy to the families and friends of the late Mrs. Myra Gilmore, Closs Barton, Bruce Mason, Mrs. Mary Thaw and Clarence Hartin and to Norm Lee on the loss of his sister.

The U.C.W. Luncheon Bazaar will be in the United Church Hall, Fri. Nov. 22 from 11:30. If you cannot get up for lunch, come up and have a cup of tea in the afternoon and get some home baking or Christmas gifts.

All their friends send good wishes to Dennis Trepanier at Civic Hospital, Peterborough, and to Al Hodgins at Wellesley Hospital, Toronto and to Charlie Rumbleau and Basil (Bud) Howe at the local one.

Hint of the week -- Found that an empty tissue box, cut out holds a can of paint nicely while you are painting. Also, has a place beside to set your brush down. The Open House for Stedmans is Monday, Nov. 25 from 7 - 10 with coffee and cake and for this night only 10 per cent off all purchases.

Mr. and Mrs. Phil Robinson visited with Mr. and Mrs. Noble Dunn at Little Britain last Wednesday.

The airplane which was missing Sept. 15 last year has been located near Hydro lines and hidden in a grove of trees. The extensive search for this took place last Fall and this Spring and the plane was difficult to see. We hear that both men were in the plane and they were in this area looking over Hunting Camps.

Gerald Coulter of Toronto was a weekend guest with his parents Mr. and Mrs. Angus Coulter.

If I can stop one heart from breaking,
I shall not live in vain;
If I can ease one life the aching,
Or cool one pain,
Or help one lonely person
Into happiness again,
I shall not live in vain.

Emily Dickinson.

Hunting season is over once more, haven't heard of many deer shot, weather was not all that good. The snow stayed for several days last week, but we are back to the November days.

Cheerio until next week.

Your
RED CROSS
serves for
YOU!

George Hamilton Christmas lights gets go-ahead

IV at Lindsay Friday

A major country and western entertainment attraction for the county areas of Victoria, Haliburton and Peterborough will be the two Lindsay performances this Friday evening by popular international singing star George Hamilton IV. Singer Hamilton has been brought specially to Lindsay by Lindsay's Rotary Club

for just two performances - 7 p.m. and again at 9 p.m. in the town's Academy Theatre, Friday, November 22. With him will be vocalist Marjorie Hames. Advance tickets are available at \$3.50 each at the IGA stores in Minden and Haliburton. Tickets will cost \$4.00 at the door.

Federal Energy Minister Donald Macdonald and Premier William Davis of Ontario have given the go-ahead for traditional Christmas Lighting this season. In response to a brief from the Christmas Decoration Division of the Canadian Toy Manufacturers Association, Mr. Macdonald confirmed that: 'there is no reason to single out Christmas lights as a special target for energy conservation efforts during the coming heating season'. Mr. Macdonald said that the

program of Christmas lighting on Parliament Hill will be undertaken this year. Premier William Davis has indicated that the Ontario government recognizes Christmas lighting as being part of the good spirit of Christmas and that neither the government nor Ontario Hydro, wishes to darken that spirit. The industry brief pointed out that Christmas lighting received unfair public attention last fall as a largely symbolic vehicle for intro-

ducing energy conservation awareness and that no other industry was singled out in such a way. In recognition of the need for responsible use of all

energy resources, the industry supports Mr. Macdonald's suggestion that Christmas lights be turned on after 6.00 p.m. and turned off upon retiring.

Monarchs Improve

BY DWIGHT THOMAS

In Minden last Friday night, the Monarchs played one of their best games to date in losing to Schomberg by a score of 5-4. The home team opened the scoring at the 2.08 mark of the first period as Rick Dunsford drilled home a Jack Raymond pass. With 3.13 left in the period Schomberg's Robin Ayres scored, unassisted, to draw the teams even. Then, with just over a minute gone in the second frame Dunsford and Raymond clicked again to put the Monarchs up 2-1. Schomberg got this back with just 1.57 left in the period only to have Jack Raymond score his first goal of the game just 9 seconds later. Rick Dunsford and Bill Watson drew assists on this goal. Schomberg tied the game at the 5.42 mark of the third period but Mike McElwain assisted by Doug Ray put Minden in the lead once again - this coming with 10 minutes left to play. With just 3 minutes left to play, Schomberg scored the winning goal and, even though Minden pulled their goalie in the last minute they weren't able to score the equalizer. Minden had 16 minutes in penalties, while Schomberg had 34 minutes.

The Monarchs next home game is this Friday night at 8.30 p.m., with Fenelon Falls providing the opposition. This is family night - children under 12 years of age, accompanied by parents, will get in free, so let's come out and cheer the Monarchs on to victory.

Also, congratulations to Minden's John Welch who scored three goals and an assist in helping the Haliburton Huskies to an 8-3 victory over Little Britain in Junior D action Saturday night at Haliburton.

Along The Trails

with
The Highland Snowmobiler
and Roy Bates

I now have the complete statement by the Hon. Allan Grossman announcing the government's policy on recreational trails and snowmobile legislation. It looks good. The scare created by early reports was unjustified. Even I fell for it. New laws MAY make it possible to come down hard on the irresponsible snowmobiler who rides willy-nilly over anything in his way, but it should not be a hardship for snowmobile clubs or snowmobilers using the proper degree of common sense and respect for the rights and property of others.

Don't sell that sled just yet. The future looks brighter than ever!

The government, according to Mr. Grossman, will establish an extensive network of recreational trails throughout the Province. It will also establish a trails council to assist in the development of the complete system made up from various recreational organizations...outdoor sports groups...conservationists...farmers...and interested bodies.

Unfortunately, the Government has procrastinated for so long that the trails council will not be ready to make recommendations on the establishment of snowmobile trails for this winter. However, Mr. Grossman assures us, the Government does intend to start work immediately on this urgent aspect of the trails program.

The Ministry of Natural Resources, through its 48 district offices, is now drawing up a complete inventory of existing snowmobile trails throughout Ontario. The Ministry will map trail routes and, during the winter, will identify and help maintain such routes by packing the snow with grooming machines. The Government is actively seeking the help and co-operation of snowmobile clubs in this work, and invites interested groups to contact the nearest district office of the Ministry.

The HCSA may now begin to enjoy the fruits of its labours. With some 400 trail miles already mapped and with a grooming project well-advanced, we can expect to be well received at the Minden and Huntsville offices of the Ministry of Natural Resources.

An open meeting with the OFSC will be sponsored by the Hill and Gully Riders of Port Sydney, Saturday, Dec. 7, at 2.00 p.m. in Pine Lodge at Port Sydney. Members of the HCSA are invited to attend. Here is your chance to meet the Directors of the Federation and to learn at first hand how they work for you.

The HCSA is now one of the top half dozen larger clubs in Ontario. Last Year's membership rounded off at 215, and with 28 new members for 1975 already signed up, the current roster is 243. Help us to reach our objective of 400 members this year. Renew now, and ask your friends to join. Your cheque or money order made payable to the Haliburton County Snowmobile Association (not to me) should be mailed to the HCSA, Box 151, Haliburton, Ontario. Please indicate if you want crests (at \$1) or decals (at .50¢).
